About digitalvaleassets.com

digitalvaleassets.com is a Private company limited by shares, authorized and regulated in various jurisdictions and is committed to offering you the best possible trading experience in forex and crypto market. We are registered and regulated in Brazil. We help investors make the most profitable and efficient trading decisions. Experience it for yourself. Licensed and regulated across multiple jurisdictions, we serve clients in over 150 countries worldwide. Across all these

regions we offer full segregation of funds for retail clients.

We continually identify, assess, and monitor each type of risk associated with its operations. This means assessing on a continuous basis the effectiveness of the policies, arrangements, and procedures in place which allow the company to easily be able to cover its financial needs and capital requirement at any time. We have become a global leader in online trading, specializing in forex, derivatives on US and UK stocks, commodities, spot metals, and indices. Client fund security has been a part of our philosophy alongside unmatched trading conditions and customer support. With global recognition for excellence, a solid reputation, and multi-award winning services, our clients are assured that their funds are held securely.
